Printing Multiple Customer Numbers on Itinerary/Invoice Document														
<p>If multiple customers numbers are desired to appear on the itinerary/invoice, then request the MCN option. When the MCN option is used, a maximum of 29 characters of customer number data will be printed underneath the individual name items. It is mandatory that one of the blank forms options (BV/BVD/HV/HVD) must also be used in conjunction with the MCN option.</p>
